What is NEWDAWN SENTINEL™?

NEWDAWN SENTINEL™ provides independent governance assessments through a structured examination process, helping organizations strengthen executive oversight, regulatory readiness, and confidence in AI-assisted decision-making.

WHY SENTINEL EXISTS

AI has transformed the way organizations make decisions. As governance expectations continue to evolve, executive leadership requires an independent perspective that helps strengthen oversight, transparency, and long-term resilience.

WHAT SENTINEL DELIVERS

NEWDAWN SENTINEL™ provides executive governance assessments designed to help organizations understand governance conditions, identify opportunities for improvement, and support informed leadership decisions.

WHY INDEPENDENCE MATTERS

Independent assessments provide executives and boards with objective insights that complement existing governance practices while strengthening confidence in organizational oversight.

"Better governance begins with better visibility."

— Hermes Global

THE

Executive Engagement Journey

INDEPENDENT GOVERNANCE BEGINS WITH A STRUCTURED PROCESS.

Every NEWDAWN SENTINEL™ engagement follows a disciplined executive framework designed to strengthen governance oversight while providing clarity, confidence, and actionable executive intelligence.

1

CORPORATE INTAKE

Every engagement begins with a confidential Corporate Intake that establishes the organization's governance objectives, AI environment, strategic priorities, and desired outcomes. This structured process ensures every engagement is aligned with the organization's unique operating context before the assessment begins.

2

GOVERNANCE ASSESSMENT

NEWDAWN SENTINEL™ conducts an independent assessment of governance structures, decision environments, oversight practices, organizational policies, and governance controls. The objective is to understand how AI governance functions in practice—not simply how it is documented.

3

INTELLIGENCE REVIEW

Our executive intelligence process evaluates observations, identifies governance strengths, highlights areas requiring additional oversight, and develops practical insights that support informed executive decision-making.

4

EXECUTIVE REPORT

Leadership receives a concise executive report presenting key observations, governance findings, strategic considerations, and practical recommendations in a format designed specifically for executive leadership and board review.

5

STRATEGIC DISCUSSION

Following delivery of the Executive Report, we meet with executive leadership to discuss the findings, answer questions, establish priorities, and determine the most appropriate path forward based on the organization's strategic objectives.

6

ONGOING STEWARDSHIP

Organizations may continue with periodic governance reviews, executive advisory services, or ongoing monitoring as their AI environment, regulatory obligations, and governance responsibilities continue to evolve.

EVERY ENGAGEMENT INCLUDES

- Confidential Corporate Intake
- Independent Governance Assessment
- Executive Intelligence Review
- Executive Report
- Strategic Discussion
- Practical Governance Recommendations

STRUCTURED GOVERNANCE CREATES CONFIDENT EXECUTIVE DECISIONS.™

NEWDAWN SENTINEL™
INDEPENDENT GOVERNANCE. A STRONGER TOMORROW.

NEWDAWN SENTINEL™

EXECUTIVE AI GOVERNANCE INTELLIGENCE
